

Situating PBIS in the SWIFT Schoolwide Visioning Process

#1 A graduate of State Line Valley Schools will be well educated, globally competitive and prepared to become a caring, productive citizen of the 21st Century.

2 The vision for Bay Area Elementary is to raise up all children to their potential with caring relationships, high expectations, and rigorous and relevant learning so that all students graduate ready for college and careers

#3 The Green Fields School System is a diverse learning community where all stakeholders are respected and valued and contribute to an excellent education program in an ever-changing global society.

Students are caring citizens who take responsibility to demonstrate the skills, knowledge and attitudes required to excel academically and to be prepared for future challenges.

Teachers and Staff understand their primary responsibility is the success of all students. They collaborate in the creation, development, implementation, and assessment of an excellent Pre-Kindergarten through graduation learning experience. They share in decisions that have significant impact on the school and community in the cognitive, affective, physical, and social domains.

Parents and Other Citizens provide a nurturing environment that supports student learning. They actively participate in the decision-making process and contribute time and resources for school support.
