

# Texas Behavior Support State Conference

PBIS: Serving All Students, Support at All Tiers

**June 24–25, 2014**

Houston, Texas

**Build and expand your knowledge and skills of PBIS!**

Join educators across the state for the 2014 Texas Behavior Support State Conference. This event is held annually to address prevention and intervention strategies at all levels of the Positive Behavioral Intervention and Support (PBIS) multi-tier model of support, including school-wide implementation.

Hear from national presenters, attend skill-building sessions that address hot topics in PBIS, and learn from campuses and districts who have demonstrated success with PBIS.

*I have gone to the PBIS conference for three years, and it is one of the most informative and interesting professional developments I have attended. It has given my campus valuable information on working as a team to [address] student behavior. — 2013 Conference Attendee*
